BlockBusters

Card Shark

Made using Studio 180 Design's Square Squared®,
Tucker Trimmer® I, and Stacked Squares
Technique Sheet

BlockBusters 2019: #37
Difficulty: ★★★★★

All the instruction you need to make the units required for this block came with your Tucker Trimmer® I and Square Squared® tools, you will also need to use the Non Mirror Combo units and Stacked Squares Technique Sheets. There are charts, step-by-step graphics, and directions. Use the chart to find the information you need for the finished size of the units you want to make, follow it through to find what you need to cut to make those units. Then work your way through the instructions.

When making your Stacked Square unit pay attention to color placement, it can be tricky to remember when you pick up your pieces which side you need to sew a specific color to. If you have the Four Patch Square Up® tool, it can be used to make the four patch for the center of the Stacked Square unit. Lay out the triangles around your center so that you can track where the fabric needs to be sewn. The Non Mirror Combo units will again test your fabric placement skills. Depending on how you are setting the colors up in your block you will need to determine if you need to cut different squares for fabric #1. This block can be as simple or as complicated as you want to make it. Fabric placement will give you different looks so play with your color placement before you jump into making the block.

Cutting Chart

Unit	# of units required	6" Block	12" Block	15" Block
A: Half Square Triangles	4	2" finished size 2½" cut size	4" finished size 4½" cut size	5" finished size 5½" cut size
B: Non Mirror Combo Units	4	2" finished size 2½" cut size	4" finished size 4½" cut size	5" finished size 5½" cut size
C: Stacked Square	1	2" finished size 2½" cut size	4" finished size 4½" cut size	5" finished size 5½" cut size
